This L'Espalier exclusive is a blend of aged Yunnan Pu-erh, Keemun, Cacao shell and cinnamon stick. Rich, earthy and relaxing.

Boylston Breakfast Blend

Our signature version of an 'English Breakfast' tea consists of an assertive blend of Ceylon, Indian and Chinese teas. It was blended with milk in mind.

L'Espalier Chef's Blend

A unique blend of black teas from China, Sri Lanka and India, blended with a touch of fruit, Chinese herbs and chrysanthemum petals.

Gloucester Street Blend

Another L'Espalier exclusive, this assertive and smoky blend of teas is reminiscent of the old 'Caravan' blends. It is an ideal accompaniment to cheeses of all sorts, especially more pungent cheeses.

Gen-mai Cha This relaxing Japanese tea is a blend of Bancha green tea and toasted brown rice. The result is a soothing, toasty, earthy and savory beverage.

Georgian Caravan

The REAL Russian Caravan, subtly smoked with pine wood and needles handmade in the Nagobilevi Village in Georgia. Like Tamaz's Tea, this is the only source of this Georgian tea currently in the country.

Lemon Chamomile (CAFFEINE FREE)

This caffeine free infusion is a blend of chamomile, lemon verbena and a hint of lavender for a soothing and naturally sweet cup.
